Dr J. Lederberg,
Department of Genetics,
University of Wisconsin,
Madison 6, Wisconsin.

Dear Dr Lederberg,

Many thanks for the kind forwarding of reprints of your recent papers. I can assure you that I much appreciate to have them since several are from journals which are not readily accessible here. I shall be very happy to receive also your further publications. I have put your name on our mailing list and I am sending you a few reprints from this laboratory.

There is a good chance that I shall be in Madison at some day in the second half of May and I hope that this will give me the opportunity of making your personal acquaintance.

Yours sincerely,
